

Hello Missouri State 600 Club Members

Once again, we thank you for bowling in the 2012 mail-o-graphic tournament and we congratulate you if you were among the winners!

For the last several years, we have struggled to get enough entries in the tournament to make it interesting – we've lowered the entry cost; we've lowered the expense fund; and now this year we added \$300 to the prize fund over and above the revenue produced by the entries.

We especially say “thank you” to the secretary of the Dexter association – she turned in nineteen (19) new memberships along with tournament entries and returned every one to Dorothy for processing.

Now we come to analyzing the future of the club – we have become a tournament club only since the merging of the state organizations – with just under 1,500 members we were only able to gather 59 tournament entries. Due to the way the club was formed with a one-time membership fee, we have no way of tracing members. Many have passed on; many are no longer physically able to bowl; many are no longer active USBC members – you get the idea.

After much serious debate and thought, we believe the best thing to do is to close out the club and we propose to do that at the completion of the 2013 tournament.

Enclosed for those winners are checks along with a copy of the prize list.

We are also enclosing a copy of the 2013 entry blank along with our hope that you will enter the final Missouri State 600 Club Mail-o-Graphic tournament.

Any funds remaining in the club will be distributed in a responsible and thoughtful way – to a good cause supported by bowlers – we will announce that on www.mousbc.org.

Thank you for your support throughout the years and “See you later!”

Margie Bishop, President

Glenda Weaver, Vice-President

Dorothy Renner, Secretary/Treasurer

Theresa Tuttle, Director

Evelyn Thoele, Director
